Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 11 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning wet and windy for a time.

This Evening and Tonight:
Outbreaks of rain moving eastwards across western and northern parts, heavy in places, whilst turning windy with coastal gales. Remaining dry with clear spells for much of the south and east. Mostly mild.

Friday:
Outbreaks of rain moving eastwards across most parts, heavy in the north at first but light and patchy in the south. Windy for most, with coastal gales in the west.

Outlook for Saturday to Monday:
Mostly dry, but often rather cloudy. Some sunny spells, especially in southeastern areas, with overnight fog. Occasional rain in the northwest, perhaps heavy for a time; showery& cooler here later.
